It is a Significant Fact

that the most eminent musicians are unanimous in their verdict regarding **Mason & Risch Pianos**

Mr. F. H. Torrington expresses himself as follows:

"IT affords me great pleasure to voluntarily state that in the great advance made in the manufacture of Canadian pianos, the Mason & Risch imstruments stand in the very first rank in all the characteristics which go toward making a perfect instrument. They having been under my personal notice for over twenty years, I can say that for endurance, sympathetic tone, touch and finish of mechanism, they have proved eminently satisfactory to me.

(Signed),
F. H. TORRINGTON.
